

SQUAT PAPER FOOD CONTAINERS

Our Squat Paper Food Containers are designed with presentation in mind. Perfect for salads, power bowls, or any beautifully crafted meal, these entree-sized containers sport our refreshed GreenStripe® design. They can be paired with a variety of paper or plastic lids that meet your exact serving needs.

Lead times start when the art proof and production proof are approved and the P.O. is confirmed.

BPI Certified Compostable

Biodegradable Products Institute (BPI) is a third-party organization that provides certification for materials and products that break down in a commercial composting environment. "BPI Certified" means a product has gone through a rigorous testing process for compostability.
